

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Pressure Difference and Fluid Flow

- *****Fluids flow from areas of HIGH pressure to LOW pressure*****
- **Example:**
 - When a fluid flows from "Area A" to "Area B", that means "Area A" has a HIGHER PRESSURE than "Area B"
 - With tornadoes, the air pressure outside of the tornado is higher than the pressure inside the tornado. This pressure difference causes air to enter into the tornado.
