SOLUTIONS TO CODIFICATION EXERCISES

CE1-1

There is no answer to this requirement as it asks the student to register to use the Codification.

CE1-2

(a) The Codification Overview module illustrates three items: (1) the topic structure; (2) different methods of accessing and viewing content; and (3) a summary of the unique features of the Codification Research System.

(b) The Codification is intended to (1) become the single source of U.S. accounting standards and (2) supersede all of the non-SEC documents used to populate the Codification.

CE1-3

The "What's New" page provides links to Codification content that has been recently issued.
