

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

NAME _____

PATTERNS OF EVOLUTION AND SELECTION
Chapter 16-1, 16-2, & 17-4

MULTIPLE CHOICE: Circle all that are true. There may be MORE THAN ONE right answer.

Determine which of the ideas that evolution happened slowly over a long period of time called _____.

A. punctuated equilibrium
B. gradualism
C. synthesis
D. mass extinction

Which of the following must be TRUE for Hardy-Weinberg to apply to a population?

A. The population must be small.
B. There must be NO movement in or out.
C. Molecules can't happen.
D. Natural selection can occur.
E. Mating must be random.

A bell-shaped curve like the one on the left, is always seen when graphing _____ traits.

A. single gene
B. polygenic
C. evolving
D. recessive

A situation in which allele frequencies change as a result of the migration of a small subgroup of individuals is known as the _____.

A. genetic equilibrium
B. founder effect
C. Hardy-Weinberg principle
D. polygenic evolution

Any change in the relative frequency of alleles in a population is called _____.

A. punctuated equilibrium
B. mutation
C. evolution
D. genetic equilibrium

Which of the following is most likely to have caused the change in the population shown in the graph of the left?

A. a new predator preys on dark fur crabs
B. a new predator preys on light fur crabs
C. a new beach color makes medium fur crabs the least visible
D. a new beach color makes medium fur crabs the most visible
